

Relevant contextual information about your school and School Development Plan:

- K-6 school with a diverse population and a full-day kindergarten program.
- Holistic approach to learning.
- SDP will focus on learning excellence in literacy and numeracy achievement. This will be supported through well-being initiatives and whole-school literacy work.

Relevant evidence and data that informs your Digital Citizenship Plan:

- As early learners, students are new to using digital tools for learning.
- We have a number of students moving in and out of our school throughout the school year. This influences the success and achievement of our digital citizenship goals.

School Digital Citizenship Plan						Progress		
Long Term Goal (e.g. spanning 8-10 months)	Competency (may be chosen from the CBE DC Competencies)	Short Term Goals (in support of the long term goal)	Outcomes	Activities & Resources	Measures	November	January	June
Long term goal #1 Learners will successfully access digital devices to support learning.	Safe I know how to be safe online and create safe spaces for others in online communities	Short term goal 1 Students will understand the procedure for logging in to a device (i.e. difference between an iPad and Chromebook).	Students will be able to teach a classmate how to log into both an iPad and Chromebook.	Review resources on Digital Citizenship Insite Pages. Teacher-led lessons on how to access devices.	All students will have a unique, secure password to access CBE network/technology.			
		Short term goal 2 Students will understand the importance of keeping login credentials and passwords safe (not	Students will keep their login information private, keeping password hints in a secure location.	Review resources on Digital Citizenship Insite Pages.	All students will keep their login credentials private.			

		sharing with their peers).						
Long term goal #2	Involved	Short term goal 1						
Learners will successfully navigate online learning platforms, to enhance their learning.	I leverage digital tools to learn, express my creativity and collaborate with others.	Students will competently login into Google Classroom.	Students will understand how to access and login to Google Classroom.	Ensure all students have access to Google Classroom. Review how to log in and what resources are available to utilize in the classroom. Provide opportunities to use this tool, with support and independently.	All students will comfortably use Google Classroom.			
		Short term goal 2						
		Students will utilize Google tools and programs to demonstrate learning.	Students will understand how to use Google suite tools and understand which tools can support their own learning journey.	Teachers will familiarize themselves with the features of Google tools. Video or text - based tutorials on Google tools. Teachers will design tasks that incorporate Google tools.	Increase opportunity for student use of Google tools to demonstrate their learning. Increase in student voice and choice in the utilization of Goggle-based learning tools.			

Next Steps & Focuses for the Coming School Year

- Continue to build competency with Google apps to support learning.
- Ensure equitable access to technology within the school.
